Extensions and Amendments in Software Version 73

Things To Know – An Overview

Innovations

- | Extension and inclusion regarding the anti-glare high-beam assist function for VW Golf 8, VW Passat, VW Polo, VW Taigo, VW Touareg and VW T-Roc.
- | Indication of the measurement report on the display.
- | Text description of the symbols in the >Headlight selection< menu.

Revisions

- | Actualization of vehicle database - 121 new vehicles.
- | Optimization of the Wi-Fi connection setup.
- | Optimization of image processing in the field of high-beam assist systems.

SEG V

Functions According to Manufacturer

This list merely gives a basic overview of the scope of our data extensions. A complete list with all the model additions for every manufacturer would be simply too extensive.

Extended and Revised Manufacturers

The following list comprises the vehicles for which a vertical bright/dark boundary is stored.
